May 28 2011	1805	Athalene Ln	DOC or Disturbance	While on patrol was flagged down by comp. who reported that she almost struck several children who were operating a golf cart on the roadway in Cambridge Springs. She stated that juveniles called her a "bitch" and that she followed them to their residence at the above address. Comp. became involved in a verbal altercation with the juveniles. I spoke with the juveniles who advised that their parents were not at home and that they were being cared for by a 19 year old babysitter. I spoke with the babysitter and juveniles and informed them of the numerous complaints that we had been receiving concerning this golf cart being operated on the street. The were given a verbal warning and were advised that enforcement action would probably be taken in the future if the situation persisted. The comp. spoke with the juvenile's parents by tx.
